MEETING EVENT

00

- read about the projects
- get into the online platform
- find the TFL venues
- enjoy your free time in Turin
- move around town
- play your part in making TFL greener

And while you are here, if you take a selfie with your cute badge or an awesome group picture, share it.

We are excited to see your 16th #TFLMeetingEvent.

TFL PATH TOWARDS SUSTAINABILITY

TFL observes the changes in the world reflected in the narratives of the films and TV series we love, and sustainability is an urgent and collective matter.

TFL PATH TOWARDS SUSTAINABILITY

TFL observes the changes in the world reflected in the narratives of the films and TV series we love, and sustainability is an urgent and collective matter.

We embarked on a three-year path to reduce the impact of the TFL Meeting Event and these are some actions we spotted.

-  **All TFL Meeting Event venues are within easy walking distance**
Check the distances before call a taxi
-  **We try to avoid plastic cups, bottles and single-use products**
Use glasses, better if more than once
-  **We set up a recycling system**
Separate waste and use appropriate containers
-  **We donate all food surpluses**
But first and foremost, try to avoid waste
-  **The lanyard holding your badge is made by a no-profit company using old TFL settings**
Appreciate its uniqueness and re-use it
-  **We have worked to guarantee you a smooth accessibility to the event**
Help us to improve: if you have any suggestions, we are happy to hear them

Let's play our part, **together!**
